Immediate Past President

Good afternoon fellow members and guests.

Let me start and end my corner with a quote from Dalai Lama

"Peace does not mean an absence of conflicts; differences will always be there. Peace means solving these differences through peaceful means; through dialogue, education, and knowledge; and through humane ways."

Let us congratulate our Dynamic TeamBria, for having, so far the highest attendance for this Rotary Year 2022-2023 as evidenced in last week's regular meeting. Their team is an "emerging pasikat" as Baby Rotarian and incoming Director Eric says, this is how TeamBria gets speakers. So are the dynamic teams - TeamBre, Team VXI and Team Pasikat challenged?

Will they have a back-to-back high numbers today?

Thank you Hon Mayor Benjie Magalong for gracing our Feb 04, 2023 meeting as our Guest of Honor and Speaker. Though he had other meetings on queue, he stayed longer to answer and clarify matters not only on mediation and conflict resolution but on anything under the sun, for the betterment of our beloved city.

Today, Let us all welcome our Guest of Honor and Speaker, Hon. Melchor Diclas, the Governor of the province of Benguet.

This month is really a very hectic month for the Rotary Club of Baguio, as it gets along with our city's flower festival celebration, the Panagbenga.

Though, it is unfortunate that Dir Vell's project for this month's theme was deferred because of the on going renovation at the provincial jail, we moved it to February 23, 2023, but again has to be moved on a later date because of our club's activities schedule after our charter anniversary celebration.

Last Wednesday, February 08, 2023 was a mind boggling meeting of the board of directors and the anniversary committee. Mind boggling? Finances, donations, time, splitting of Rotarians, and a lot more. But again, I say it again and again, Many thanks for all your generosity, cooperation, prayers, words of encouragement and the most needed words of wisdom and of course the wisdom of all our diversified resilient members of the mother club, the Rotary Club of Baguio.

PRESIDENT'S MESSAGE

Then came Thursday, another meeting with our anniversary chair, Dir Lou , with one of our suppliers, hopefully will surprise us all with awe.

Yesterday, was another opportunity for us to appreciate and sincerely thank our scholarship benefactor for the longest time of more than 3 decades, the Baguio Scholarship Foundation led by its Chairman, Toyohisa Asada with the presence of former consul general Carlos Teraoka, the chairman of the Filipino Japanese Foundation in Northern Luzon with more or less 50 Rotarians from Japan , in its scholarship awarding ceremony – 44th Baguio visit held in Abong. I am honored and privileged to have this moment of personally thanking them in behalf of the club.

Last night was a fun filled dinner fellowship with them at the Baguio Country Club. Thank you to our very own songbird of the RC Baguio, who is always our forefront, not only in the club but the pride of the cluster as well , not only to serenade our fellow countrymen but also for a start, our Japanese scholarship-benefactors.

However, it was quite an embarrassing moment during the exchange of bannerettes because I don't have one , nor a simple token to exchange with. This is another learning experience for me and maybe, the club , that we should always have a few on hand.

Let us all thank PP Gerard for offering to look for some in his keeping. I'm crossing my fingers that these will reach our international partners in service, the members of the BSF and Baguio Kikin and other clubs and districts in Japan as they will be leaving Saturday Feb 11 at 8:00 AM.

Thank you our dear Board of Directors , anniversary committee and my advisers present during Feb 8's meeting – PE Cora, PN Susan, IPP Arnel, Directors Lou, Lorena, Vell Reymund and Glen, Past Presidents Chris, Baby, Libby, Marilyn and Gov Linda for a successful planning, though with some dissenting opinions. That's the importance of having a meeting.

Thank you too IPP Arnel, the executive director of and the Filipino – Japanese Foundation of Northern Luzon Inc. PP Chris F for attending the morning's affair of the Baguio Scholarship Foundation and PE Cora for the entertainment representing RC Baguio.

To all Dynamic members of our very own RC Baguio, many thanks for acceding to our requests on your respective assignments on our upcoming week- long anniversary activities.

Mabuhay ang Rotary club of Baguio. Have a great weekend ahead.

“The reality today is that we are all interdependent and have to co-exist on this small planet. Therefore, the only sensible and intelligent way of resolving differences and clashes of interests, whether between individuals or nations, is through dialogue.”

RCB Anniversary – CAP Convention Center

25 February
Polio Plus Banquet – San Fernando Pampanga

RI UPCOMING EVENTS

IN RETROSPECT

Rtn. Eric de Guzman

Member
Rotary Club of Baguio

I arrived at the training center a few minutes before 12 noon. It was my earliest attendance since my induction probably because I was excited. I am the designated program coordinator, and the guest of honor and speaker was no other than the City Mayor, Benjamin B. Magalong.

When I arrived I was greeted by PP Gigi who cheerfully said “Congratulations and good job BENECO!”. Then everyone was talking about the incident that happened the day before where an SUV rammed and toppled electric poles along Bokawkan Road causing power interruption in the city and nearby municipalities affecting around 30 percent of BENECO’s consumers.

As I was anxiously waiting for the arrival of our GHS, I observed that the training center seemed too crowded and realized that there were more attendees that day than it was during previous meetings. Probably because everyone is also excited to meet our GHS.

The invocation was led by PP Ben Ladilad and after which was followed by the singing of the National Anthem, Rotary Hymn and The 4 Way Test. The theme for the month is “Peace Building and Conflict Prevention” and the host is no other than the dynamic Team Bria. Biased that I am, I had to admit, I had to introduce every member of our team.

PP Benny was assigned to do the introduction of our GHS who did an excellent job of compressing his 10-page introduction. We deviated from the usual flow of the program and had to suspend some parts to give Mayor Benjie the time to present immediately knowing that he has other activities scheduled that day.

Mayor Benjie’s topic was on “Conflict Mediation and Diffusion”. The Mayor caught everyone’s attention during his lecture and shared many experiences related to mediation and diffusion. Many questions were asked and the Mayor was kind enough to entertain the questions including those not related to the topic. It was a very productive engagement.

The debonair PP Raffy Chan did the response which was followed by a group picture with Mayor Benjie.

Rtn. Lily and Dir. Mariver handled the raffle. I would say, it was my first time. My first time not to win during the raffle. During entertainment, Rtn. Jeff serenaded us with two songs. But it felt more like he was serenading a particular someone.

PP Baby reminded all teams during Member’s Time to prepare their AVP for the months that they will be hosting the meetings. Dir. Mariver also invited everyone to support the scheduled project for the persons deprived of liberty (PDL) at the provincial jail on February 8 and PP Marilyn also announced that Japanese friends has donated \$ 3,500 financial assistance for the scholars.

During the President’s Time, President Ali gave an overview of the upcoming events and projects for the month of February which includes the RCB anniversary on Feb 21. Accordingly, we will hold the RCB anniversary at the CAP Convention in John Hay to accommodate all participants and guests. Also, we will be expecting around 90 guests from Malaysia and Korea during the anniversary.

The meeting was adjourned at 3:30 in the afternoon.

Rotary Foundation approves targeted funds for Pakistan and Ukraine

By Etelka Lehoczky

In response to the worsening humanitarian crises in Ukraine and Pakistan, the trustees of The Rotary Foundation voted in January to create two new, targeted funds that will continue offering lifesaving aid to those affected.

The Ukraine Response Fund and the 2022 Pakistan Flood Response Fund will be separate from the general Disaster Response Fund, which had previously been supporting relief efforts for both crises.

"Since Russia invaded Ukraine last February, Rotarians have already shown amazingly generous support to the people of Ukraine. This new temporary fund is prompted by the ongoing, urgent need and the wish of Rotarians to keep making a difference for the people there," says Trustee Chair Ian Riseley. "At the same time, the dreadful floods in Pakistan have caused extreme hardships for people there, and the 2022 Pakistan Flood Response Fund will help with the recovery."

According to the United Nations, around 18 million Ukrainians, or 40 percent of the country's population, required humanitarian assistance by the end of 2022. Russia's escalating attacks on Ukraine's critical infrastructure and civilian targets have caused massive destruction and death, leaving millions of people without reliable access to electricity, heating, and water. As of mid-January, nearly 8 million refugees from Ukraine were recorded across Europe, and they are in dire need of help.

In Pakistan, devastating flash floods during the 2022 monsoon season affected a total of more than 33 million people, washing away 2 million homes and displacing 8 million residents. About one third of the country was submerged. By early January, UNICEF said as many as 4 million children were still living near contaminated flood waters, putting their health at risk.

To alleviate that suffering, Riseley calls on Rotary members to contribute to the 2022 Pakistan Flood Response Fund and the Ukraine Response Fund, both of which will support aid projects for those affected. Contributions to both funds will be accepted through 31 December 2023 and will be spent by 30 June 2024.

The trustees specify that donations to both funds may include District Designated Funds. Unused assets will be transferred to the general Disaster Response Fund on 30 June 2024.

District 2232 (Belarus and Ukraine) can simultaneously apply for three Ukraine Response Grants of up to \$100,000 each, while those bordering Ukraine can apply for grants of up to \$100,000 at any one time. Other districts are eligible for single grants of up to \$25,000 at any one time.

As for the 2022 Pakistan Flood Response Fund, Districts 3271 and 3272 (Pakistan) can apply for two grants simultaneously of up to \$50,000 each.

"Having seen how generously Rotary members donated to both causes in 2022 through the Disaster Response Fund, the Trustees knew this opportunity for continuing support would be met with enthusiasm," Riseley said.

For more information and to contribute, visit my.rotary.org/donate.

Gratitude over grief

EIC/PP Libby Fernandez

Editor-in-Chief / Past President
Rotary Club of Baguio

ARES provides education materials for rural schools in Kenya

Two teachers in Kenya look at educational content on one of the laptops set up by the ARES project.

By Sean Hogan, past governor of District 5050 (British Columbia, Canada; Washington, USA) and member of the Rotary Club of Pacific Northwest Passport

I lost my wife, Carol, to cancer last June. It was unexpected and quick – two weeks from diagnosis to when she passed, the day before her 61st birthday. We had 42 wonderful years together and three children who grew into amazing adults.

Rotary has been a big part of our lives since I joined at age 27. It's given us friends and opportunities that we would never have had otherwise, including when I (we) served as District Governor in 2012-13 (Peace Through Service). One of those opportunities was to be part of Rotary service projects in Kenya starting in 2009. Each of our children joined us on separate trips, and it was life changing for all of us.

The project we've been doing in Kenya is called ARES (the African Ruggedized Education System), and our philosophy is that if you truly want to change the world, you begin by educating the children. Remote rural schools often have limited access to books, paper, and writing materials, as well as intermittent power and no internet access.

Bonnie Sutherland joined the Rotary Club of North Delta, British Columbia, Canada (of which I'm a dual member) after retiring as a teacher. She had been working in Africa since 1992 and invited Carol and I to join her on one of her Rotary projects. Bonnie's NGO, Afrotech Aid Society, works with Rotary clubs and Rotary World Help

to ship libraries, computers, medical equipment and more to Africa and elsewhere.

Mark Knittel, a member of the Rotary Club of Bellingham, Washington, USA, joined us on our second trip in 2011. Mark created a small server with educational content from pre-school to post-grad, including thousands of video tutorials and books, the Khan Academy, STEM resources, TED Talks, Wikipedia, textbooks, and much, much more.

We install an ARES server in a school along with 20 laptops, a projector, speakers, earplugs, and mesh network units to share the wireless access throughout. Everything runs on rechargeable batteries, so if the school loses power, the system still operates. The project also provides training and support for teachers through local teams to ensure sustainability.

ARES has concentrated efforts in the Laikipia region of central Kenya. With the completion of a district grant in January, it is now in 40 of 120 secondary schools in the region, with the next phase to target 100 more schools.

In January 2023, I returned to Kenya with our sons (our daughter was unable to join us). Until this year, we had only installed ARES computer labs in secondary schools, but we had been asked to install one in the local community library.

Carol and I were on the team that worked on the library when it was opened in 2011. She was part of the library team that provided shelving and 8,000 books. When I heard of the request, I agreed to donate the cost of an ARES system to the library in Carol's name.

On 16 January of this year, the ARES computer lab was officially opened with a dedication ceremony, a plaque to Carol and the planting of 10 trees. I returned to the library a few days later, and the computer stations were filled with young students eagerly using and enjoying the laptops.

It was both a good and a difficult day for me, but it strengthened my appreciation for the opportunities and the life that Rotary has given to us. As anyone who participates in a Rotary project will know, we get back as much or more as we give to the people and communities we help.

Before she passed, Carol asked me to focus on gratitude over grief. Rotary, our ARES project, and our family and friends have been helping me to do just that.

To use a common Swahili saying – Asante Sana. Thank you.

THE CAÑAO EMBLEM

Our Official Club Bulletin has been called The Cañao. "Cañao" (pronounced as kan-yau) is actually the local term for the dance during native feasts or celebrations in the highlands of the Cordilleras- in Northern Luzon of the Philippines.

This is depicted in our Cañao emblem which shows a number of human figures in deep concentration—absorbed in ritual dance.

The attention, focus, commitment and unity of the club's members is represented by the dancing figures—in celebration or expectation of a bountiful harvest; much as we actually do—in anticipation of the joy derived from public service to the community—always coupled with fellowship. Hence, the sub-title of "A Celebration of Service."

Rotary Club of Baguio

THE RCB LOGO

The Rotary Club of Baguio (RCB) was chartered on 21 February 1938. The 4,587th member of Rotary International and the oldest club organized North of Manila; the 6th chartered Rotary Club in the entire Philippines.

Our over-simplified club logo (red) is a composite of the letters r, c & B; this is symbolic of the club's straightforwardness. Over-all cardioid-heart shape connotes that our members serve from the heart. The four basic elements (four quadrants— now 3D bevelled) are symbolic of Rotary's Four-Way Test and the members' commitment to it. Our charter year of 1938 is used as the mid-focal point of the logo, to emphasize our early beginnings and continuing dedication to

Service Above Self.
