PRESIDENT'S CORNER

It's All Worth the Effort

Pres. Gerard Audineau

This is my last message dedicated to our members as President of the Rotary Club of Baguio for RY 2006-07 and I am writing these last words with mix of joy and nostalgia as I ponder the thought – what a good Rotary Year we have had...together.

Community Service

On Sunday, July 01 we will be in Luding for the reimbursement of the Micro credit and the inauguration of the water system of Luding done under our Matching grant # 60233, which is a very important moment for our long term Luding project.

You are all invited to take this opportunity to visit the Luding Village, and I will appreciate particularly to see with us the members who have never made the effort to visit and get to know Luding.

Meeting point will be at BGH Petron station with departure time at 9:00 AM prompt.

Literacy

We have received the pro-forma invoice and have sent our payment to the dealer "Resources for the Blind" in Manila to allow them to order the Braille embosser together with the necessary computer for our MG 61459. Hopefully we could have the turnover ceremony of this machine by the end of July with the presence of our Korean friends.

Induction of Rotary Clubs of the District 3790

You can find in your Cañao (16 June 2007 issue) the complete list of the induction of the Rotary Clubs of Cluster 1 C. But next week, we have to add the Induction of the Rotary Club of San Fernando La Union, Inc. happening on Tuesday, July 03, 6:30 PM at Oasis Hotel.

I would like to remind you that it is important that the Mother Club supports the clubs of Cluster 1 C with a good number of representatives. In addition, it will be good also to be present on the inductions of our Mother Club, the RC Manila, our Daughter Clubs like the RC Dagupan, the RC Vigan, the RC Angeles, etc....and our Sister Club the RC Makati Poblacion.

Cluster 1 C Year End review

Our Cluster 1C Year End Review will be done this Saturday, 7:00 PM at the BCC, Training Center. Please, I would appreciate it for the last function of my term to see many of our RCB members with me for this important event of our Cluster.

I thank you in advance for your presence and participation.

The dinner will be the same price of our regular meeting and the attire will be our club Barong.

Recognition

Today, I will have the deep pleasure to recognize all the members who have taken part, large or small, to the success of our Club during this Rotary Year 2006-07 and I want to really thank each of them.

I want a meeting full of joy and friendship between all our members, as everybody has to have that feeling being part of this family represented by the Rotary Club of Baguio in particular and by Rotary International in general.

Sure I have some stress...but it's all worth the effort. Now I will wait for the evaluation report which will be given by two of our members to whom I have given this responsibility, and I thank them to have accepted it.

Once again, THANK YOU TO ALL OF YOU.

FROM THE EDITOR

Lightning Could Strike

EIC John Cunanan

Mr. Benjamin Franklin, one of my childhood heroes still amazes me every time I think about his discovery of electricity using a simple Kite. His life's story is remarkable. He became famous for being a scientist, an inventor, a statesman, a printer, a philosopher, a musician, and an economist.

Just recently, I came across with this article and I would like to share with you an excerpt: Account of the Kite Experiment from Carl Van Doren's "Benjamin Franklin". "Before that he had thought of another way of proving his theory, and with the help of his electrical kite had drawn lightning from a cloud. The episode of the kite, so firm and fixed in legend, turns out to be dim and mystifying in fact."

"The Doctor, having published his method of verifying his hypothesis concerning the sameness of electricity with the matter of lightning, was **waiting** for the erection of a spire [on Christ Church] in Philadelphia to carry his views into execution; not imagining that a pointed rod of a moderate height could answer the purpose; when it occurred to him that by means of a common kite he could have better access to the regions of thunder than by any spire whatever. **Preparing**, therefore, a large silk handkerchief and two cross-sticks of a proper length on which to extend it, **he took the opportunity** of the first approaching thunderstorm to take a walk in the fields, in which there was a shed convenient for his purpose. But, **dreading** the **ridicule** which too commonly attends unsuccessful attempts in science, he communicated his intended experiment to nobody but his son".

"The kite being **raised**, a considerable **time elapsed** before there was any appearance of its being electrified. One very promising cloud had passed over it without any effect; when, at length, just as he was **beginning to despair** of his contrivance, he **observed** some loose threads of the hempen string to stand erect, and to avoid one another, just as if they had been suspended on a common conductor. Struck with this promising appearance, he immediately presented his knuckle to the key, and (let the reader judge of the exquisite pleasure he must have felt at that moment) the **discovery** was **complete**. He perceived a very evident **electric spark**. Others succeeded, even before the string was wet, so as to put the matter past all dispute, and when the rain had wet the string he collected electric fire very copiously. This happened in June 1752."

The story of the kite, amazing isn't it?

For the past twelve (12) months, Pres. Gerard together with his team worked hard to achieve club goals. Like Benjamin Franklin's kite story (I have highlighted 12 words/group of words that fittingly describes our leaders), our leaders have waited patiently, they made the preparation, they grab the opportunity to serve even with the feeling of dread of being ridiculed for failure...but our leaders pressed on...they have raised high the flag of service above self....they spent their precious time to serve the club and the community...even if they got stressed out, they did not despair...but they observed and persevered...they discovered the joy of completing the works that they have started...like Benjamin Franklin...the work has been a success!

As Pres. Gerard turn-over the leadership to very capable IP Raffy...fellow Rotarians, let us show our appreciation for the good work done by Pres. Gerard and his team for *Leading the Way* (they deserved it) and let us give a warm welcome of undivided support to IP Raffy and his team.

In closing, allow me to give my heartfelt "thank you" to each member of the club for the opportunity to be of service and the moments we shared together this Rotary year...and as I pass on the mantle of responsibility to now EIC Dhory Vicencio...may we all continue to press forward, continue to dream big...be ready...who knows...lightning could strike!

Benjamin Franklin once said "If YOU WOULD not be forgotten, as soon as you're dead and rotten, either write things worth reading, or do things worth the writing".

IN RETROSPECT

The Meeting That Was 23 June 2007

Dir. Emil Dayrit

Last Saturday, 23 June 2007 at the Baguio Country Club Training Center, was the Luncheon meeting of the Rotary Club of Baguio. It was well attended.

The dashing and debonair PP Doming Valencia was the Program Coordinator who made his presence felt at exactly 12:30 PM. He jokingly called the attention of incoming Director Cecille Apostol to make sure his picture was taken. Cecille gladly gave in to his request.

Songbird, PP Lito Pangilinan led the invocation in behalf of AG Linda Winter, followed by the Pambansang Awit and Rotary Hymn. As if leading the prayer was a warm up to his vocal cords, entertainment was likewise led by balladeer PP Lito Pangilinan.

I heard through the grapevine though, that PP Diony Claridad was supposed to be the one to have rendered the entertainment last Saturday. However, PP Diony opted for an entertainment casting in showbiz for a “true-to-life” T.V. series which, he never denied nor shyly claimed. A very good sport, as we’ve known him to be, he happily obliged to render a song just the same. And the finale for entertainment was a graceful dance number from PP Lady Rotarian “Ate Veeh” Balajo and her swift-moving D.I. PP Roger Naz.

Soft-spoken Rotarian Charles Kang introduced a lot of guests in the person/s of Henry Tuazon, a former Rotarian and IRAP Cely Ladilad. RCB vault-keeper, Marilyn Barredo temporarily handled the Raffle Draw as a diversion from her routine role as Treasurer. Finest Moment was fortunately skipped to give way, or rather give more time to the presentation of IP Raffy Chan and Treasurer Marilyn Barredo, which was actually FINE with everyone.

During Members’ Time, petite Lady Rotarian Flo Bayquen reminded the Club Members to wear their formal attire, men in their tuxedos and the ladies in their evening black and white dresses on our Induction. PP singer Lito Pangilinan solicited bottles of wine instead of “salabat”, while President Nominee, smiling face Bert Talco invited all Rotarians to visit Luding on 07 July 2007. And yours truly as Business Manager of Canao reported that 99% of all advertisers gave their assurance to pay sooner or later. Although, I enjoy what I have been doing, chasing down their cash and check isn’t really the easy part as you might have guessed already for sure.

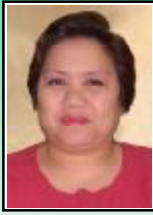

Of course the meeting will not be complete without hearing from our jolly President Gerard Audineau, who reminded the Club Members about the Cluster Meeting on 30 July 2007 at 7:00 PM. and the Induction of the RC Baguio South. President Gerard himself is looking forward to the opportunity of giving a plaque to the members who assisted him during his term on our regular meeting this coming Saturday 30 June 2007.

Lastly, AG Linda Winter was greeted with a birthday song, who was smiling from ear to ear and who was all too happy to treat us with ice cream.

IP Raffy Chan and Treas. Marilyn Barredo came prepared for the budget presentation for RY 2007–08. After the singing of Pilipinas Kong Mahal the meeting was adjourned.

Our Program Coordinator, PP Doming was truly in charge of the program. No one can do it better!

This is the moment for PP Diony Claridad! Our hearts melt with his love songs.

Rtn. Flo amid our seniors, PP Johnny and former Rtn. Henry Tuazon enjoying the meeting.

Another lone lady, PP Veeh swarmed around by beaming Rotarians.

Baby Rotarian Dhory lightens up the mood of gentlemen's table.

The birthday celebrant in pink.
Happy Birthday AG Linda Winter!

IP Raffy Chan diligently presented the RY 2007-08 proposed budget.

YEAR END RETROSPECT

“None, but of strong passion are capable of rising to greatness.”

AEIC Dhory Vicencio

“None, but people of strong passion are capable of rising to greatness.” - Gabriel Riqueti Mirabeau

This is a famous quote from a French writer, orator and statesman which truly describes what had transpired on Rotary Year 2006-07.

A famous French quote for our famous French President Gerard Audineau.

The Rotary Year 2006-07 was undeniably full of greatness. Great things were achieved. Great men were recognized. Great dreams were created. Great citations and awards were received. Great lives were realized.

Our Man of Service, a French man who turned into an International man led us through this Great Rotary Year.

With strong conviction, I must state that our President Gerard Audineau has risen to greatness during his term of Presidency. His passion brought him to greatness and his passion brought us a great Rotary Year.

The Rotary Year that was can be described as a fruitful year. This is the year of realization of dreams. This is the year we reap the seeds sowed by the Past Presidents. This is the year that sowing of seeds stretched to greater perspective.

President Gerard and his Board of Directors indeed had fulfilled their roles in accomplishing the goals and objectives of the Club. Having President Gerard as the core of strength, the Board faced all challenges and stayed strong and firm unto their commitment to the Club and to the community.

I have been with the club only for four (4) months, a baby Rotarian still, yet I have seen enough of our President Gerard and his Board to compose an impartial year-end retrospect. I have witnessed the hard work and dedication of President Gerard and his Board. This contributed to the accomplishments of remarkable community and club services for which we earned eight (8) recognitions and awards including the “Significant Achievement Award” from the Rotary International.

What makes our President Gerard distinct? It is his PASSION. Yes, he has passion in all facets of his Presidency.

...FELLOWSHIP – his legacy of holding our hands in circle while singing the Rotary Hymn shows his intense enthusiasm to promote camaraderie among Rotarians.

...COMMUNITY SERVICE – his propelling leadership made us accomplished a lot in various community services.

...CLUB SERVICE – our perfect attendance in all district affairs proves that our indefatigable President Gerard is never remiss of his duty.

As the presidency of President Gerard now comes to end, I contemplate and search for words to explicate my finest recollection of his term. I cannot help but smile as I recall his genuine smile, his warm greetings, his French accent, and his camera! As they say, “moments” are important and we can never bring them back. Good thing, President Gerard had his camera at all times. He captured our moments in his camera, while we, captured his “moments” in our hearts and in our minds.

To sum it up, Rotary Year 2006–07 was an emotional year. Yes, that is the salient trait of our President Gerard. He poured intense emotion to his will to perform his functions, to lead the club and to fortify the membership. We were not instructed to get involved, we felt that we are involved, thus we achieved to be truly involved.

The unending passion of our President Gerard motivates, inspires and empowers him to consistently fulfill his tasks and more, thus he and the Rotary Club of Baguio have risen to greatness!

President Gerard will now pass the reign to Incoming President Raffy Chan. We have glimpsed his and his Directors’ enthusiasm to be of service. Let us all match their profound desire to attain our goals and objectives. Let us take on the challenge to belong and be involved. Let us retain the fire within us burning. Once again, let our passion for service upsurge. With all certainty, the Rotary Year ahead will be another fruitful year with Incoming President Raffy as the Captain of our ship. Together, let us seize the day and bring our club to a greater triumph.

To President Gerard and Directors of RY 2006-07, Merci Beaucoup!

Good Attendance and True Fellowship

PP Doming Valencia

Poor attendance at Rotary meeting's, some members say, is a symptom of a malady – the reasons for which have been attributed to poor programs, uninteresting speakers, unfulfilling fellowship among many others.

I beg to differ with this opinion. Poor attendance, to my mind, without any valid reason, is due to a lack of discipline. To rationalize one's absence in meetings in terms of uninteresting speakers and unfulfilling fellowship defeats the focal point of Rotary spirit. One should come to meetings because one is a Rotarian, convinced that fellowship is a two-way street, and not a dead end. To generate fellowship means to experience it as an opportunity to know one's neighbor and to reach out sincerely to others from one's self.

To use an analogy, the Benguet lilies, so abundantly found in moist mountain creeks in the province, are there to be seen. That some people do not appreciate them does not diminish their beauty. Happy is the man who finds joy in smelling the fragrance of a rose, yet is never bothered by its thorns.

Rotary should be like that. Attending our meetings should be motivated by our desire to foster good fellowship. Many of our best meetings were without speakers and they were so, because every Rotarian tried in their capacities to brighten the corner where they were. This is true fellowship. This is Rotary.

Century Builders & Realty Consultants, Inc.

There is no road to success but through a clear strong purpose.

T.T. Munger

More men fail through lack of purpose than through lack of talent.

Billy Sunday

In all matter before beginning, a diligent preparation should be made.

Cicero

Appreciation is a perfect gift for any occasion.

*Wherever your dreams take you...
We will bring you home...*
