## PRESIDENT'S CORNER

### Anniversary Happenings

Pres. Alberto "Bert" Talco

Rotary greetings to everyone!

February is a special month in the Rotary calendar as it has not only been designated **World Understanding Month** but also includes the anniversary of the first meeting of Rotary held on 23rd February 1905, now designated World Understanding and Peace Day. In designating World Understanding Month, the Rotary International board asks all Rotary Clubs to plan programmes for their weekly meetings, and undertake special activities, to emphasize understanding and goodwill as essential for world peace.

Once again we had a tour around the City of Baguio...in the realistic sense of the word. And I know that we are a force to contend with insofar as doing what is good for our city is concerned. As usual, we only have to do it the Rotary Way...and it will go a long way.

February is going to be a hectic month for the Club. We have the Valentines' Day affair which will be our second out-of-venue meeting. Then we will be having a month long schedule of a activities in preparation for our 71<sup>st</sup> Charter Anniversary.

For the 14 February 09 Affair, we invite each member to bring their loved ones, children including, for a Valentine's Bonfire night. We hope that you would spend that special day with the Club and we assure of good food, superb entertainment and a romantic night. Just remember, western style!

We are, likewise preparing a Souvenir Program for our anniversary. We enjoy the membership to do our share by either advertising or soliciting advertisers for the Souvenir Program.

Cluster I-C had a meeting, this time, to tackle the incoming Family Day on 13 -15 March 09 to be held, tentatively, at Teachers' Camp, Baguio City. 13 March 09 is set for golf, basketball and bowling; 14 March 09 for amazing race and fun games. The evening of the said day will be a bonfire party and awards. 15 March 09 is rest day or exclusively for the members and their families to enjoy the beauty and fun our city has to offer.

The main contribution of the Rotary Club of Baguio in the Cluster project will be the 3<sup>rd</sup> Leg of the Governor's Cup Golf Tournament which would be held at Baguio Country Club, Baguio City. Again, I invite everyone to participate and 'hit the ball or, maybe, 'watch the ball', so to speak.

Last Thursday, 5 February 09, the members of the Committee on Golf had a meeting to prepare for the said golf tournament. PE Mia, Committee chair reminds everyone that solicitation letters were distributed to the membership in support of affair.

This Saturday, 7 February, 09, we will be exposed to the world of responsible broadcasting by our Guest of Honor and Speaker, Pia Gutierrez of ABS-CBN.

Thought for the week:

*A Japanese soldier by the name of Oneda has not heard that World War II was over. He continued to fight in a small island in the Philippines. People tried all kinds of ways to let him know that the war was over. They dropped fliers and tried other ways to communicate with him. He said, "I will not stop fighting unless my Captain tells me personally to quit". So they went back to Japan and found his Captain and took him to the Philippines to tell the soldier. Then 30 years after the war was over in 1974, he said, "I will now stop fighting because the last thing my Captain told me was to fight to the end". Someone asked him, "Has anything good happened to you in these 30 years?" He said, "No, nothing good had happened in these 30 years".*

***Nothing good happens when we are fighting and not at peace.***

### ON LEAVE

Rtn. Herb Meadows

### **The Meeting That Was 31 January 09**

Rtn. Libby Fernandez

The Training Center is definitely the place to be....ready for the touch of beauty and grace.... it is the Ladies' Day! Early birds at the hall of golden ribbons were the Rotary Anns truly excited to start the Rotary Ann Year with a "feel"!

At 12:40 in the afternoon the meeting was called to order, with VP Marilyn directing the way the affair would go. Ann Coring gave a very touching Invocation through a reading on the essence of forgiveness. After the Pambansang Awit, the membership rendered the singing of the Rotary Hymn, as usual, with gusto.

RAPP Josie Chan gamely entertained the membership with two songs, one for the young and one for the old. Then PP Mike, the (other), Centennial Man, introduced the guests and those at the presidential table. PN Ben prepared quiz for the finest moment where members were fined P100 if they fail to give the correct answer. At this point, VP Marilyn doubly tasked by acting as Program Coordinator and Treasurer at the same time! I bet it was a tough job.... but very well done!

The Raffle Table looked all so organized with bags of Baguio Country Club goodies...of course, by the ever reliable RAPP Yolly and Rotary Anns! Lucky winners were Sec. Gerard (who won three times and waived one), Rtn. Joe (who won twice), Ann Yolly, PP Helmut, PP Chris, Rtn. Chris Faelnar, Dir. Ike and PN Ben.

For Members' Time Rtn. Chris, Fellowship Head, reminded the February 14 Committee members to stay for a real quick meeting; PP Mike announced the "I 'soup' port Breast Cancer Awareness project of Venture Club Baguio for 1 February 09. No wonder he was going around selling tickets to the ladies! Also he mentioned the Heart Month Project: Walk - A- Mile- For -Your- Heart by Notre Dame with Philippine Heart Association Northern Luzon Chapter, headed by Dr. Edwin Cosalan.

Sec. Gerard informed the Club that only half of the membership have paid for the Paul Harris Fellow Raffle and encouraged everyone to update their payments.

For the President's Time, Pres. Bert reminded the membership of the payments of our Rotary dues for the general fund; reading the letter of gratitude sent by the Baguio Centennial Commission for our participation in the successful Medical, Surgical, Dental Mission; month long events this in commemoration of the RCB 71st Charter Anniversary scheduled for 28 February 09. Birthday celebrant PP Mike got his share of hugs, handshakes and kisses ...ice cream follows, of course!

PP Johnny gave a very amiable yet informative introduction of our Guest of Honor and Speaker who spoke not only of land disputes in Baguio but of the so many issues affecting the City of Baguio. The questions by the membership only reflected their interests and concern for our not-so-well-directed city. Issues such as garbage, market, public lands, sanitary landfill and traffic conditions were not spared. Once again, we had a true-to-life tour in our very own city, We only have to do our share to give Baguio the life it use to have. Our Honored Speaker really needs so much time to discuss all these matters. He did admit that city needs our very own Rtn. Jody for the planning for a better Baguio. Rtn. Jody, why not?

After a response by yours truly, the membership sang Pilipinas Kong Mahal and the meeting was adjourned at 3:00 o'clock in the afternoon.

## SCENES WE LIKE TO SEE

### Images from Last Week's Meeting 31 January 09

Images by  
PP/Sec. Gérard Audineau

Captions by  
EIC Dhory Vicencio

VP Marilyn, the Program Coordinator in her rare solemn moments during the Invocation

Our beloved couple, RAPP Coring and Rtn. Angie still as sweet as ever.

Lady Rotarians were joined by RAPP Yolly and former Rtn. Ging Fajardo.

RAPP Josie and RAPP Yolly giving away the goodies during Raffle Time.

PP Mike appears to be very pleased with his birthday card handed by Pres. Bert.

GHS, Peter Fianza discussed about a controversial topic, land disputes in Baguio City.

Pres. Bert presented to GHS Peter Fianza the Plaque of Appreciation from RCB.

**RI PRESIDENT'S MESSAGE:**

**FEBRUARY IS WORLD UNDERSTANDING MONTH**

Dear fellow Rotarians,

I grew up in a small village, the same village where my family had lived for many generations. I lived close to many members of my extended family, and our family traditions were very strong. In those days, few Koreans ever traveled abroad, and there was very little Western influence. My home, my language, and my culture were all I knew.

When I was in my 20s, I made a decision that would shape the rest of my life. With my father's encouragement, I traveled to the United States to work and to study. I chose San Francisco as my destination and spent nearly two years there, taking classes and learning English. I made my way working at several entry-level jobs.

It is difficult even today to describe what an impact that experience had on me. Everything, and everyone, was different. I was used to seeing only Korean faces; in San Francisco, I saw people from all over the world. I worked hard on my English and in my job. I learned what it was like to be the person who did not understand, who cleaned up after others, who took orders but never gave them. I learned how large the world outside my village really was. And those experiences sent me back to Korea changed.

When I returned to join my father's business in Seoul, I knew what it was like to be a worker at the bottom of an organizational hierarchy – and that affected how I treated my employees. I knew what it was like to do physical labor all day – and that gave me increased respect for those who worked in every kind of job. Perhaps most important, I knew how much of the world lay beyond my own experience. I knew that there were so many different countries and cultures, so many different people in the world. I knew that as much as we are all different, we are all essentially the same. And I knew that everyone, everywhere, sometimes needs help from others.

In Rotary, February is World Understanding Month – a time to focus on the importance of goodwill and understanding for peace. It is a time for all of us to pause and consider how we are pursuing Rotary's fourth Avenue of Service – International Service – because it is our international service, and our international fellowship, that will do the most to help us all build a more peaceful tomorrow.

Dong Kurn (D.K.) Lee

President, Rotary International

**Great Mind Has a Purpose**

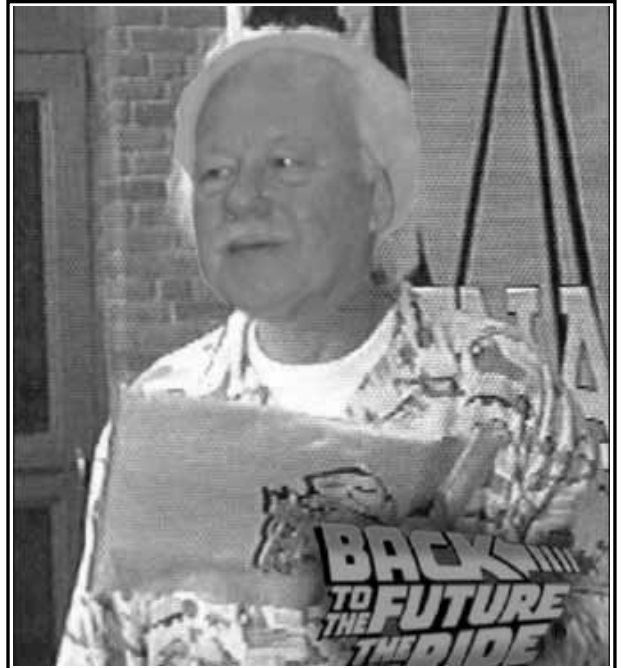

EIC Dhory Vicencio

GREAT SCOTT!!

**Emmett Lathrop “Doc” Brown**, Ph.D. is a fictional scientist and one of the lead characters in the *Back to the Future* motion picture trilogy. The character’s appearance and mannerisms are loosely inspired by Leopold Stokowski and Albert Einstein. In the *Back to the Future* universe, he is the inventor of the first time machine, which he builds out of a De Lorean sports car. His earlier inventions met with limited success, but he was able to build a large refrigerator and steam locomotive time machine in 1885.

“Doc”, as he is referred to by his best friend, Marty McFly is a scientist by trade. Doc is a “student of all sciences” and spends much of his time inventing. He usually has a pet dog; in 1955, his dog was named Copernicus, and by 1985, he had a dog named Einstein. Doc’s role models are scientists, as evidenced by the names of his dogs and the portraits of Isaac Newton, Benjamin Franklin, Thomas Edison, and Albert Einstein found in his laboratory (which were on a wall in his home in 1955

In *Back to the Future II*, Doc had discovered that Marty’s son, Marty Jr, was to go to jail for committing a crime, an event which would end up destroying the McFly family

*The folks in Hill Valley believe that if they needed a scientist day or night ,they could simply call Doc Brown and he’d be there in his truck to do whatever service a scientist would be required for.*

Our cool guy is no other than Rtn. Herb Hayes!!!

Yes, he is the “Doc” to the lives of his dear children at Grace Baptist Church. He may not be the “scientific guy” but he is the person who invents new lives for people with his preaching and good examples.

He stirs the lives of the people around him just as Doc Emmett shifts the lives of Marty McFly in the *Back to The Future* trilogy. Doc Emmet is a genius in science and technology while Rtn. Herb Hayes is a genius of life, knowledge and values.

Rtn. Herb Hayes need not build a time machine to present what lies ahead...his acumen allows him to lead others to decent, respectable, virtuous, noble existence.

Rtn. Herb contributes to the good fellowship of Rotary Club of Baguio, as he is undeniably one of the coolest guys in the club. More so, he plays an important role in Rotary service as:

*The folks of Baguio believe that if they needed a Rotarian day or night , they could simply call Rtn. Herb and he’d be there to do whatever service a Rotarian would be required for.*

## OBJECT OF ROTARY

The Object of Rotary is to encourage and foster the ideal of service as a basis of worthy enterprise and, in particular, to encourage and foster:

### FIRST.

The development of acquaintance as an opportunity for service.

### SECOND.

High ethical standards in business and professions; the recognition of the worthiness of all useful occupations; and the dignifying of each Rotarian's occupation as an opportunity to serve society;

### THIRD.

The application of the ideal of service in each Rotarian's personal, business, and community life;

### FOURTH.

The advancement of international understanding, goodwill, and peace through a world fellowship of business and professional persons united in the ideal of service.

## FOUR-WAY TEST OF ROTARY

Of all the things we think, say or do:

- 1** Is it the **TRUTH**?
- 2** Is it **FAIR** to all concerned?
- 3** Will it build **GOODWILL** and **BETTER FRIENDSHIPS**?
- 4** Will it be **BENEFICIAL** to all concerned?
