PRESIDENT'S CORNER

Chris Fernando Faelnar

President, Rotary Club of Baguio

Greetings Fellow Rotarians!!!! Welcome to a Brand New Rotary Year!!!! Honestly, I have to pinch myself whether or not this is actually happening. I have to wake up to reality and accept that really my term as President of the Rotary Club of Baguio has come!!!

Actually its quite awkward to be writing in the President's Corner even if you are not officially inducted yet but then again.. I have to wake up to reality and accept the fact that the Rotary Year starts on July 1 and I have to actually start doing my tasks as President Now!!! I therefore enjoin my fellow board members and officers to also wake up to reality and also accept the fact that we all need to start carrying out our responsibilities and now focus on finalizing our plans for the Rotary Year with the hope of achieving them by year end. Although maybe for some members, the new Rotary Year has not sunk in yet, your newly elected Board and Officers actually did some Strategic Planning Exercises, conducted a SWOT analysis of the Club, revisiting the Strengths and Weaknesses of the Club as well as the Opportunities and Threats out there as far as our club is concerned. After the Strategic Planning Exercises, the Chairs of the different avenues of service as well as the other areas of club operations have come up with their initial plans for the different activities and initiatives that they want to carry out this Rotary Year. These are in line with the District Goals and the results of the SWOT Analysis.

Today, we are going to solicit inputs from you.our members. as far as our plans for this Rotary Year is concerned. We will be breaking into groups based on the different avenues of service and you are encourage to come up with your suggestions, comments as well as ideas that will enhance our plans for the Rotary Year. Although you are encourage to give inputs to what avenues of service your expertise fit, you are also free to contribute to any area where you believe you can add value to that particular area of concern.

We hope to consolidate all the inputs of the members and finalize our plans to be presented to the Club on July 9. This will be the last chance for us to improve our plans so that during the Governor's Visit on July 16, our final plans will then be presented to Gov. Raul Peralta for his appreciation, comments and suggestions.

We really would like to encourage everyone to come up with their contributions to our plans and initiatives. It can an idea out of this world or your `two cents worth` suggestions. It doesn't matter. What is important is that you are able to contribute big or small. We can do well by doing good....

The completed draft of the work program will be presented to the Club by next week after the club planning workshop today. This will be then presented to the District Governor during the Governor's visit on July 16.

Here's a toast to the new officers of the club. We wish you the best for the coming Rotary Year! We hope to see the real bottle at the awards ceremony next JUNE.

The work program and activities for this Rotary year were initially planned last May 28-29 by the Officers and Board of Directors at the Baguio Country Club. They stayed overnight to complete the activity.

RETROSPECT

Dir. Cora Ocampo

Club Clerk Ian and I arrived very early at the Powerhouse to help in the preparation for the day's meeting and the farewell free lunch to all members... which, according to our outgoing President Gigi, is her way of saying thank you to all members for a very fruitful Rotary Year.

When we arrived at the venue, President Gigi was already busy arranging the trophies, certificates and plaques to be given to deserving members. I also felt happy that the buffet food was already ready. Everything was set so I had to do was sit down and relax.

The Canao has a new look and everyone was fascinated with colors printed in it. I saw my fellow Rotarians getting copies to keep the directory for future references. Kudos to the new EIC PP Cy, thank you for the first copy prepared by you and President Gigi, change is really coming.

The program started at 12:30pm. I observed a satisfactory number of Rotarians present at the time. I suppose they wanted to witness the last time President Gigi would call the meeting to order. Even honorary member PP Roger was also present in support of this very important day. After the call to order was made by the outgoing president, I read the prayer for our club (which I composed reprinted in this Canao issue) followed by the Pambansang Await, Rotary Hymn and the 4-Way Test.

Lunch was next and as observed, everyone was satisfied with the delicious food enough to feed even the visitors and guests. While we were enjoying our lunch, an AVP prepared by Dir. Lani was presented to reminisce the year that was. Club Secretary Rico introduced the visiting Rotarians and Guests after which 2 raffle draws were done.

One was done by our Rotary Anns while the other was done by RCC Dontogan. Prizes of the Anns included prizes umbrellas, cute bags, and "pritong minatamis na lumpia" which started their RY fund raising with P4,000.

Our RCC Dontogan showcased their products such as dishwashing liquid, laundry powder soap and fabric conditioner and yes Rcc Dontogan made these products themselves as part of their "pangkabuhayan" sponsored by our club.

During the member's time, Rtn. Glen asked PP Bert, Rtn Atom, Rtn Arnel, Rtn Vel and PP Cy to help him with the raffle for the upcoming event on July 16, 2016 and requested help from all members for their contributions and support to the raffle committee.

Also during Member's Time, incoming President Chris announced the schedules of induction of other clubs in the district. He also reminded everyone about our club's own induction to take place on July 16, 2016 at Baguio Country Club.

The Presentation of Awards was the next order of the program. IPP Gigi presented to the members the various awards and recognition received by the club during the Year End Review. After presenting each District Award, IPP Gigi gave the token received to the Chair of the Committee who earned the recognition.

After this, it was now the turn of IPP Gigi to give her own club awards. The presentation of the Club Awards was an emotional but also a fun time with a lot of hecklers heckling the recipients. (A complete list of the Awards are printed elsewhere in this issue).

After the awarding and recognition of members, it was the Turnover of Presidency. In his acceptance speech, Pres Chris voiced out his wishes that his term be fruitful and productive through member's support. He appealed to each and everyone for their utmost support and participation in the activities for the new RY 2016- 2017.

After the short speech of our new President, the RCB Hymn and Pilipinas Kong Mahal was sung. The meeting was adjourned exactly 3:00 pm.

ON ATTENDANCE

I would like to reprint an article in the March 26, 1983 issue of the Canao. It is an article by PP Bobby Santos in his column "Believe This if you May" and the title of the article is "96% ONLY"

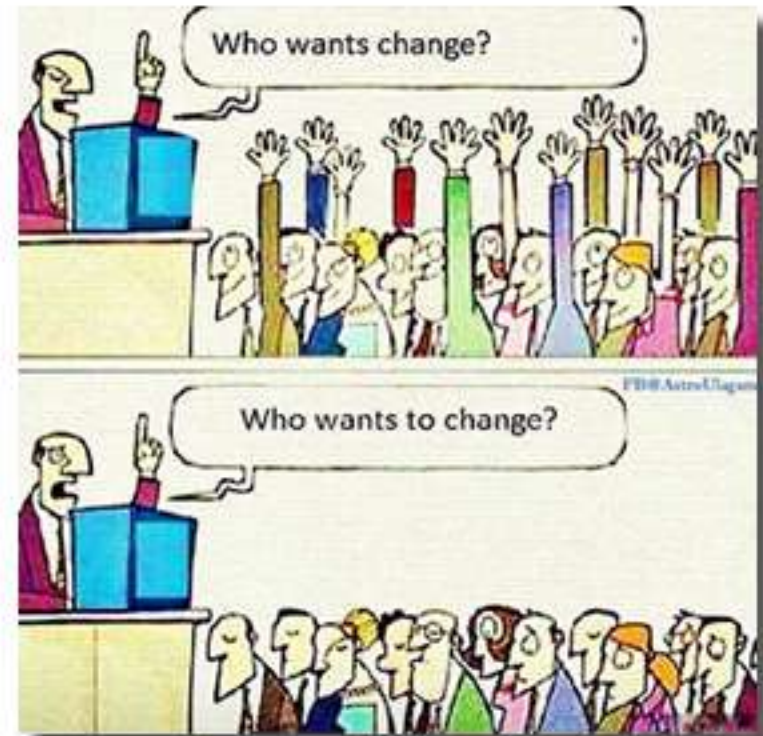

"For the last three previous months, we have consistently maintained a very good percentage of attendance. However, our attendance for February, 1983 is a mere 96%. We are confident we can keep up with our previous good record in the months to come. For a Club who has achieved praises for enthusiasm exhibited by its members in attending regular meetings and making up in the two other clubs in the event that they could not make it from our own are just routine chores. Although this record is good enough, still we are hoping to improve this a little bit more.

We are the oldest club in District 380, the club who should show examples to other clubs especially so during their formative years. We are the club who should pave the way and lead others not only in attendance but also in achieving other Rotary goals. However, we are first giving attendance as the first priority as this is the bulwark of Rotary, for it measures the breadth, height, and depth of Rotary in every member's heart. It reveals the interest a member has in its club activities and demonstrate his desire in forming new, retaining old and nurturing friendships all the way thru. This is all the club ask of us, not to mention the prompt payment of club dues.

I know all of us can bestow this request with all willingness and gladness for we owe this to our Club"

if facebook were
club meetings
i swear i will have
perfect attendance

Back in the day, a 96% average attendance for the month was not good enough. Nowadays, our average attendance goes down to as low as 76%. There were meeting days when we had to suspend the meeting for sometime to wait for other members to come.

What has happened through the years? We can spend a whole day discussing why this has happened and come up with a whole slue of justifications and SWOT analyses but the bottom line is that we have to do something about it. Looking at PP Bobby Santos' article, he said: "attendance... is the bulwark of Rotary, for it measures the breadth, height, and depth of Rotary in every member's heart. It reveals the interest a member has in its club activities and demonstrate his desire in forming new, retaining old and nurturing friendships all the way thru". Judging from our dismal attendance in our weekly meetings, are we saying that the Rotary bug has not bitten a majority of our members particularly the newer members and has the bug disappeared from our older members? Are our members not that interested in our club's activities? Do they not have the desire to form new, retain old and nurture friendships all the way through?

Today is the first meeting day of a new Rotary year. Can we make an extra effort to attend our weekly meetings and activities for this Rotary year? And if for any reason, we cannot attend our meetings, can we please make up for our absences?

THE ROTARY ANNS IN ACTION

By: RAPP Josie Pangilinan

It was a Saturday, November 14, 2015 which should have been our monthly meeting, we instead had a field trip. Our second time around to visit the DSWD Orphanage at Wangal, La Trinidad.

We served packed lunch of spaghetti and fried chicken to 26 children. We distributed also bag of goodies, toothbrushes, lotions and shampoos. The children hurriedly ate their lunch after hearing the announcements that they shall have their desserts.

The children touched our hearts as they hugged us tight. Further asking if how many children we have and sort of insinuating if we needed more. We shared with the staff and ourselves with the extra packed lunch. They were very generous to share their "sinigang na bangus" which was cooked with calamansi instead of the usual sampaloc, fried vegetable lumpia was served to our hearts delight.

Our side trip was at Valley Bread Factory. Loaf bread production for a day goes to 20,000 pcs. The production goes 24 hours in 3 shifts. The 5 mixers are so huge that you can embrace it. Pearl Espadero the owner, toured us around and showed the different stages. Dough placed on the loaf pan, ovened, removed from the pan, sliced, wrap and sealed. Arranged and inspected for quality control. That was the first factory. The next building bakes raisin bread, fresh pandesal, Spanish bread, and cinnamon bread which we tasted, still hot and fresh from the oven.

On our way to her house, we passed by the old building at Wangal Road. Situated on top of a mountain was a log cabin house, garage of four divisions with a billiard table and a big gazebo.

Pearl served us chocolate chip cookies, and chiffon cake, also one of their products. Coffee or Tea at your choice. Then we saw the big bike where Mark had his picture taken. A big gym, complete with different exercising machines, I guess numbering to 10 in all.

When we were ready to go home, Yoli's driver told us, he left the keys inside the van, as he was distracted by the beauty of the car parked at the garage, a mini cooper. Mark came to the rescue, he did a good job opening the van by using his tricks after an hour. Thank you Mark! Who by the way became also our official photographer.

Our never ending thanks to Yoli and Chris Faelnar for the van, gasoline and driver Boyet. Yoli met pearl at John Hay Manor, where both attended yoga classes.

The Rotary Annes present were Yoli Faelnar, Tess Dulnoan our president, Linda Valencia, Cynthia Meadows, Baby Soriano, Mark and Abby Flores, Josie Chan and daughter Jolina Aliben, and yours truly.

Trips are really exciting, and great surprising awaiting. Yoli even shared her ready to eat Davao suha. I shared some chocolate from Switzerland. Til next time!

THE ULTIMATE SLEEPING PILL

(1st prize essay writing contest, Security Bank 51st anniversary, featured May 2002)

I got one of my earliest lessons in integrity from my Dad.

It was during my grade school days when my parents somehow managed to send us to private school. The ultimate status symbol among us then, was in how any extra-curricular activities we could get into: ballet, piano, karate, voice, cooking, tennis, etc., along with the appropriate uniforms and paraphernalia. It didn't matter if you had time for all those classes; the important thing was that **YOU HAD THE MONEY TO PAY FOR THEM!**

At that time, my parents were mere government employees. My Dad, a Civil Engineer, headed a building inspection team. Building permits were issued or denied on the strength of his approval or disapproval. It goes without saying that he was in a position where opportunities for taking bribes were abundant. So for the life of me, I didn't understand why my schoolmates – children of his colleagues, could take all those expensive lessons, while I couldn't! My Dad said it was because their parents had the money and we didn't.

By that time, I had overheard enough of my parents' stories about colleagues taking kickbacks and "facilitation" fees. In my innocence, I asked Dad why he didn't just accept "gifts" so I could finally take all those lessons my friends were bragging about.

My Dad then sat us down and proceeded to lecture us. First, about the evils of eavesdropping on adult conversations, and more importantly, on Integrity. He said the reason why he was resigning from his government post was because he couldn't stomach the culture of graft and corruption in the office. He was being pressured by clients to receive money in exchange for favours. He was also being ridiculed by colleagues for not having the guts to pursue "enriching" endeavours. His integrity couldn't take it. "Integrity is doing the right thing even in the face of difficulty, pressure or ridicule".

My Dad cautioned us against being envious of the material riches of others. He said this is not the yardstick of a person's worth. Rather, it is in being able to hold one's head up high knowing that we were fed and clothed through honest means and hard work. It is in finding fulfillment at the end of the day, knowing that we had not stepped on anyone's toes, nor deprived anyone of their hard-earned money. It is in leaving a legacy of a good college education and a clean, unsullied name for the children. "Integrity is upholding honour even when tempted with enrichment, glory or popularity".

Finally, he told us that success is measured not in pesos, diamonds or hectares, but in happiness, fulfillment & peace of mind that come from having integrity. This was, and continues to be, his maxim. "Integrity is the ultimate sleeping pill that allows a person to sleep like a baby at night".

HUGOT OF THE WEEK

The Rotary Club of Baguio Hymn (The Force of Goodwill)

Composed by Dennis P. Flores, M.D.

We have been summoned by God's loving call
To follow a great, self-less road
To serve, heart and mind, every trial, stand tall
Unburden a man's heavy load . . .
Trained to examine the gifts of the past
Consider the present we bear
To aim for the best of the future we must
Broaden our minds as we care . . .

Chorus:

We are the force built on Goodwill and Service
Love friend or foe, we embrace this demand
Called to be brace through life's burning furnace
Rotary Club of Baguio, we stand

The Truth, all actions must certainly yield
To all of our mankind, be fair
For Goodwill and Friendships we constantly build
Forever God's Goodness we share . . .

(Repeat Chorus twice)
