Greetings my dear RCB family!

I can't deny that I'm quite excited as we wind down the Rotary Year. This term has indeed been quite memorable and unprecedented. Friends and family have pointed out that I will forever be known as the first ever (and hopefully the last) Pandemic President of RCB.

This past year has had its bad and good sides. The bad side is because of the adverse effects on the lives and livelihood of many people. And while that is a tragedy that we will forever have to deal with, I would like to once again focus on the positives.

The most positive effect for me has been more enlightenment and better perspective.

Enlightenment because I used to be so complacent about the things or activities I could pursue. I took these for granted, assuming I had all the time in the world. It was always "I'll get to it later". Now I know, "later" can quickly turn into "TOO LATE".

Better perspective because the activities and concerns that used to keep me so busy (and still do) are, in the end, just noise. It is human relationships that give life meaning. Human contact and interaction have never been more important than it is today. Without these, life is just existence, instead of an experience.

So let me ask you – what positive changes has the pandemic brought to your life?

Have a great reflective weekend! Mabuhay ang Rotary Club of Baguio!

Selected lyrics from Life Goes On by BTS

One day, the world stopped without any warning. Spring didn't know to wait, showed up not even a minute late. Streets erased of footprints. I lie here, fallen to the ground. Time goes by on its own, without a single apology.

There's no end in sight. Is there a way out? My feet refuse to move. Close your eyes for a moment. Hold my hand. To that future, let's run away.

Let me tell you with this song, people say the world has changed. But thankfully between you and me, nothing's changed. With the "annyeong" that we start and finish the day, let us thread tomorrow with today. Stopped for now, but don't hide in the shadow. Once again, daylight will glow.

Like an echo in the forest, the day will come back around. As if nothing happened.

Yeah, life goes on

Fellowship has created a global home for LGBT members and friends

by Joseph Derr

During a breakout session on “Welcoming the LGBTQ Community Into the Family of Rotary” during the 2017 Rotary International Convention in Atlanta, Michelle Wilson, a member of the Rotary Club of Athens Sunrise, Ohio, had a question. “I asked, ‘Why doesn’t Rotary have a group for LGBT+ people?’” When she added, “We should start one,” she says, “the response was overwhelming.”

Before the session had even ended, Sean O’Hara, a member of the Rotary Club of Lake Charles Happy Hour, Louisiana (and later the fellowship’s first president), had opened a Facebook group for LGBT people (lesbian, gay, bisexual, and transgender). Wilson left the meeting with a stack of business cards from people who wanted to be part of the new group. The LGBT Rotarians and Friends Fellowship was born.

In between regular Zoom events held in English, Spanish, and Portuguese, members like Wilson — who is the group’s current president — are talking to clubs about promoting diversity and telling the story of being LGBT in Rotary.

The fellowship is seeking to work with clubs on projects that support the LGBT community and to offer resources to clubs that want to be more diverse and welcoming to all.

Rotary pride

I’ve been a Rotarian for over 20 years, and Service Above Self is in my DNA. I’m 66 and came out at age 61. Serving the LGBT community is an acknowledgment that many others went before me, and it’s now my time to be of service. — **Ronald Schoenmehl, Rotary Club of San Diego Downtown Breakfast, California**

When I became president of my club, my husband was seated at my side. The following year, when I passed my gavel, my husband pinned on my lapel the past president’s diamond pin my late father received in 1976 when his term ended. I’ve worn it ever since! — **David Bricka, Rotary Club of Sedro Woolley, Washington**

Making progress

I was one of the first openly transgender presidents of a Rotary club in the world. When I was president, we had a Rotary/LGBT community information exchange meeting. None of those things could have happened 10 years ago. — **Monica Mulholland, Rotary Club of Queenstown, New Zealand**

I’m optimistic that in the post-pandemic future, a couple of the Rotary clubs in our community will come together to participate in Pride events and support the LGBT community in other ways. Our clubs also need to identify LGBT community organizations that need our support, friendship, and mentorship. — **John Culshaw, Rotary Club of Iowa City, Iowa**

Fair to all concerned

As a transgender woman, I am interested in the issue of fair treatment of all genders. Today, most people understand that differences in gender identity are not a disease but are very common. Although younger generations are gradually adopting an open attitude toward LGBT groups, it is still awfully slow overall. — **Wen-Yue Huang, Rotary Club of Taipei Nanlung, Taiwan**

It’s past time that we tell the whole story of who we are regardless of whether it is different from some established norm, because living an authentic life takes courage. This acceptance is freeing people and allowing us an opening rather than hiding who we are. — **Mary MacLean, Rotary Club of Bozeman, Montana**

“Joining Rotary and connecting with the fellowship has given me more purpose and drives me to get involved more than I ever have before.” — **R. Lee Donaldson, Rotary E-Club of Hawaii**

Presidential Message - June 2021

Message from

Holger Knaack

President | Rotary International

In January 2020, when I announced my presidential theme, Rotary Opens Opportunities, and spoke of the changes that Rotary needed to embrace, none of us had any idea how quickly change would arrive. But I am a longtime believer in seeing challenges as opportunities. This year, we seized new opportunities to reimagine what Rotary could be. For years, we had discussed ways to make Rotary flexible and adaptable, and we had tried a few experiments. This year, we all experimented — and succeeded! Online meetings are a regular fixture now as clubs invite guests from across the globe.

Susanne and I love to meet members of the family of Rotary around the world, and we've missed seeing you in person over the past year. But for me, it was a new way of experiencing Rotary. We traveled the world virtually. I definitely met thousands more of you than I would have otherwise. I never set foot in my office in Evanston as president, yet we found new ways to get the job done while cutting travel costs.

This is the Rotary we experienced in 2020-21: nimble, adaptable, and creative. The next step is not to go back to the way things were before the pandemic. We must move forward. Let's apply what we have learned in order to offer new experiences and opportunities for our members, such as online attendance as a regular option.

We need a younger, more diverse Rotary at every level to keep our clubs strong. What diversity means is different from region to region, but I encourage you to welcome people from all backgrounds. Another step we can all take is to increase the number of women and amplify their role everywhere.

I am glad that many now see Rotary and Rotaract

clubs as equals. Let's keep going in this direction by inviting Rotaract clubs to be a part of everything we do. Let's not squander any opportunity to reach young leaders, but partner with Rotaract and invest in our many new approaches.

I am very proud of the work Rotary is doing to fight COVID-19 by supporting vaccination campaigns through advocating for fair distribution and combating misinformation. But we must also continue to do everything we can to end polio. And we now have opportunities to work in a new area of focus: the environment.

The world is a different place today from when I first announced that Rotary Opens Opportunities. We can all be proud of how we updated what Rotary can be this year. Let's continue on this path, always taking care of our clubs and of our friends in those clubs. They are precious, and they keep Rotary alive and thriving.

Susanne and I are thankful for all the opportunities to serve the organization during this special year, a year of finding new meaning in Service Above Self. We see Rotary as a community of people who live their values by putting them into action. In these extraordinary times, there is no doubt that we must place increased emphasis on service. This is our opportunity to show the world what Service Above Self means for Rotarians.

There are so many opportunities waiting for us that will help us change the world. Let's seize them together and get ready to open doors to achieving greater things. And as we open these doors to new ideas, our minds and our hearts also open. Remember that everything we do in Rotary opens another opportunity for someone, somewhere.

Vaccination education for all our neighborhoods

<https://blog.rotary.org/2021/06/03/vaccination-education-for-all-our-neighborhoods/>

By Alex Johnson, President of Rotary Club of Plano West, Texas, USA

Members of the Rotary Club of Plano West, Texas, USA, spend Saturdays distributing information about vaccinations on door hangers in Spanish-speaking neighborhoods.

From my town of Plano, a suburb of Dallas, Texas, we see the virus devastating lives in India. Last year, COVID-19 affected people overseas, and then took hold in America. We can counter the threat and stay safe by getting people vaccinated.

Most people have access to information on COVID-19 vaccines. But we discovered many minority residents do not. Motivated by a wish to help our fellow citizens, we partnered with our city government to inform this group.

As of late April, 61% of Plano residents 16 years and older had received a COVID-19 vaccine. Of that population, 42% are fully vaccinated, with the rest waiting to receive their second dose.

We hand-out door hangers in apartments and neighborhoods. We're helping people with language issues. Those with limited internet. Others who don't have time. Our flyers have Spanish and English vaccine information. We want people to make informed decisions.

7% increase in vaccinations among the Hispanic population of Plano following the project

Our volunteers go out Saturdays with thousands of door hangers. We've had up to 25 people help on a weekend. The city of Plano has measured a 7% increase in vaccinations among the Hispanic population since our project.

Our club is a member of the COVID-19 Community Corps run by the U.S. Department of Health and Human Services. Other clubs [can join](#) to receive constant up-to-date information and build vaccine confidence in your community.

Our project is being led by Bruce Mang and Antonio Harris, both college freshmen. In addition to college students, 34% of our members are under 40 years of age. We've achieved gender parity with our 64 members and 52% of the [Rotary Club of Plano West](#) is nonwhite. According to Rotary International, we're the fastest growing of the 7,485 clubs in the U.S. We've completed over 5 service projects a month with a total impact over 1,600 services hours and more than \$265,000 in donated goods this Rotary year. Our membership growth comes from our service. With an array of voices from different backgrounds and age groups, our passion empowers us to serve relentlessly.

Rotary Club of Baguio

Our Official Club Bulletin has been called The Cañao. “Cañao” (pronounced as kan-yau) is actually the local term for the dance during native feasts or celebrations in the highlands of the Cordilleras- in Northern Luzon of the Philippines.

This is depicted in our Cañao emblem which shows a number of human figures in deep concentration—absorbed in ritual dance.

The attention, focus, commitment and unity of the club’s members is represented by the dancing figures—in celebration or expectation of a bountiful harvest; much as we actually do—in anticipation of the joy derived from public service to the community—always coupled with fellowship. Hence, the sub-title of “A Celebration of Service.”

The Rotary Club of Baguio (RCB) was chartered on 21 February 1938. The 4,587th member of Rotary International and the oldest club organized North of Manila; the 6th chartered Rotary Club in the entire Philippines.

Our over-simplified club logo (red) is a composite of the letters r, c & B; this is symbolic of the club’s straightforwardness. Over-all cardiode-heart shape connotes that our members serve from the heart. The four basic elements (four quadrants—now 3D bevelled) are symbolic of Rotary’s Four-Way Test and the members’ commitment to it. Our charter year of 1938 is used as the mid-focal point of the logo, to emphasize our early beginnings and continuing dedication to

Service Above Self.
